Landmark Resort Introduces New Website

Egg Harbor, Wis. (For Immediate Release) – Find your vacation bliss through the ease of technology on the Landmark Resort's newly optimized and responsive website, www.thelandmarkresort.com. Book your next vacation at The Landmark through the convenience of your mobile phone, or casually browse via your personal computer, the beautiful views offered from the rooms of the Landmark and the amenities available onsite for your pleasure and convenience.

We know that many users are very passionate about their web site use, so we concentrated on user-friendly navigation and enlarged, professional-quality photographs to tell our story. Our simple goal with the resort's website is to bring you a strong visual tour of the resort and answer your questions.

Use the site's new Google 360 images and video to experience the expansive vistas atop the bluffs of the Niagara Escarpment and the twinkling waters of Green Bay below the resort. The Landmark Resort is an all-season resort, centrally located in Door County on 40 lushly wooded acres. To give users an idea of the exciting amenities offered onsite, The Landmark Resort teamed up with Marco Digital to create a 21st century experience. Stunning photography showcases available lodgings and amenities at the resort; event planning, amenities and more all respond with easy to view sizing and technology on the Landmark's optimized website.

The marketing team at the Landmark Resort encourage you to peruse the resort's freshly-updated suites and lobbies: new lighting, flooring, furniture, appliances, and decorative touches. Two years of planning and \$4 million of renovations are highlighted on the new website.

Check out the all the offerings of the resort, and book your vacation today, on the newly optimized website:
